B15	Mobile Issue	North America is missing in the mobile view. We checked the image folder and the N. America PNG is included, so it is a code error.	All	Mobile	CLOSED	12/21/2015	12/22/2015			
B16	Mobile Issue	Pins and the hover over states are too small on mobile. They are not visible. Fonts and pins are not readable. See image of South America.	All	Mobile	CLOSED	12/28/2015	12/22/2015			
B17	Hover Over		All	Mobile & Web	CLOSED	12/21/2015	12/22/2015			
B18	Hover Over	THIS ISN'T FIXED YET. Clicking on a pin brings up the hover state. When swiping to the next continent, hover state should automatically disappear. Instead the hover state remains until user selects new pin. See image of South America with hover state Waltham & DC.	All	Mobile	OPEN	12/21/2015				
B19	Hover Over	THIS ISN'T FIXED YET. Tapping on pin shows hover state in mobile. Double tapping on pin should close the hover state.	All	Mobile	OPEN	12/22/2015				
B20	Titles	For mobile, all continents needs the continent name in the top left corner with a red mark i.e. "North America", "South America", "Europe", "Africa", "Asia", "Oceania". Please reference final design deck. See image.	All	Mobile	CLOSED	12/22/2015	12/22/2015			
B21	Background Color	THIS ISN'T FIXED YET. For mobile, there should be a light grey gradient in the background of the flat continents from the FLAT DESIGN PSDs. Currently, you're using the globe background with depth, which is WRONG. Please reference final design deck- 1st mobile design. See image on right.	All	Mobile	OPEN	12/22/2015				
B22	Titles	For mobile, names of continents i.e. "North America" is MISSING THE RED MARKER next to it and NEEDS TO MATCH THE FONT in designs. Please reference final design deck. See image on right.	All	Mobile	OPEN	12/22/2015				
B23	Hover Over	All pins with the hyperlinks i.e. Waltham, United Kingdom, and Australia- user must click on them to see the hover states. This should not be the case. User should just hover to get the hover over.	All	Web	OPEN	12/23/2015				

B24	Hover Over	Click on the blue pin to view the Waltham hover over on mobile. When the Waltham hover over state is active, you can see there's too much space on the right side in the hover over. Make padding on all sides equal. See image of Waltham.	All	Mobile	OPEN	12/23/2015			
B25	Hover Over	For mobile, hover over needs to be directly above or below pin. Currently, all hover overs are offset 5px to the right. See image of Waltham.	All	Mobile	OPEN	12/23/2015
